

Case Study – Morganstone

Established 2008 in Llanelli, Morganstone has built up a reputation within the construction industry in Wales for providing high quality developments including regional projects such as Leonard Charles House and Quayside SA, Swansea and Maes Y Ffynnon, Gorslas, Carmarthenshire.

As a local company, Morganstone is committed to investing not only in the future of the business but also in the future of the wider community and places particularly high value on its workforce. By operating a comprehensive training and development policy within the company, staff are given the best quality knowledge, equipment and routes to progression. The Company attributes today's success to the experience and capabilities of each employee.

Coleg Sir Gar's 'Skills for Industry' project recently teamed up with Morganstone and successfully enrolled 22 employees onto a project which offers subsidised onsite training from NVQ level 2 to 6.

Working in partnership with Coleg Sir Gar's 'Skills for Industry' project team has provided opportunities for Morganstone to upskill their employed workforce enhancing career development meeting training and development needs within the Company.

Skills for Industry offer a flexible learning experience on site with highly experienced qualified Assessors facilitating the development of all employees to meet both business and individual goals supporting the ethos of Morganstone's business 'Investing in the future of the construction Industry'.
